Volume 19 Issue 1 Published for the Residents of the Signal Hill Fire Protection District October 2012

- ⇒ **Only one in every three** American households have actually developed and practiced a home escape plan.
- ⇒ While **71%** of Americans have an escape plan in case of fire, only **45%** of those have practiced it.
- ⇒ **One-third** of American households thought they would have at least 6 minutes before a fire in their home would become life-threatening. The time available is often less. And only **8%** said their first thought on hearing a smoke alarm would be to get out!

Emergency — Dial 9-1-1
